TDK
Life on Record

BD-R XL 100GB MEDIA

THE NEWEST ADDITION TO THE MEDIA PORTFOLIO

TDK Life of Record BD-R XL Media, featuring DURABIS2™ technology, makes recording HD video and backing up large data directories possible. The 100GB disc provides 20x the storage of a conventional DVD allowing for 12 hours of HD quality video at 4x speed.

DURABIS2™ hard coating technology protects the media surface against scratches, fingerprints, and smudges while the advanced spin coat manufacturing process and ultra-precise recording materials create an extremely smooth and precise cover layer. A white inkjet printable surface allows users to print directly onto discs using direct print inkjet printers, resulting in a professional finish.

Features & Benefits

DURABIS2™ hard coat formulation protects disc surface from scratches, fingerprints, and smudges

Spin-coating technology enables nano-uniform cover layer surface synthesis

Up to 12 hours of HD video recording

Technical Specifications

Available Capacities: 100 GB

Recording Speed: 4X

Hard Coating: DURABIS2™

Laser Wavelength: 405 nm

Required Hardware: BD-XL drive
